P R O J E C T

THE ILLUMINATION PROJECT is a six-week study that captures a candid (and often hilarious) conversation between Joy Eggerichs and her father, Dr. Emerson Eggerichs (author of the best-selling marriage book Love and Respect), as they tackle the following topics:

MARRIAGE, DATING, SINGLENESS

MALE-FEMALE RELATIONSHIPS

FAITH

LIFE'S WOUNDS

AND MUCH MORE . . .

WHO IS IT FOR?

EVERYONE. (No, really! While this study was created for 18- to 35-year-olds, it's a great tool for mentorship and bringing together young and older, men and women, single and married.)
